Surgical guides Design/Print fees

All cases will be pre-planned and approved by the treating dentist or surgeon. The planning and approval fees are already included in the Design Fee listed below. If you choose for us to print the surgical guides, the total costs are outlined below. Alternatively, you may want to print your own surgical guides in-office using the STL files we provide, which allows you to reduce printing expenses.

Type	Design	Print	Total
Tooth/Tissue - 1 Implant: Auto Approval	\$329	+ \$70	\$399
Tooth/Tissue - 1 Implant: VIP	\$329	+ \$70	\$399
Tooth/Tissue - 2 Implants	\$404	+ \$95	\$499
Tooth/Tissue - 3 or More Implants	\$579	+ \$120	\$699
Bone Borne	\$649	+ \$100	\$749
Anchor Pin Package (Anchor Pin Guide + Surgical Guide)	\$809	+ \$190	\$999
Bone Reduction Package (Delivery Guide + Bone Reduction Guide + Surgical Guide)	\$1024	\$275	\$1299

Design services fees only.

Prices for intake records full arch AllOnX Pre-designs, and surgical designs

24-hour turnaround. The 1st and 2nd designs are included in the fee.

- single full arch pre-design plan only = \$200
- Single full arch surgical design without pre-design = \$350
- Single full arch pre-design + surgical full arch design = \$500

3rd design fee = \$125 per arch for a surgical full arch temporary design.

Prices for full arch AllOnX Prototype to final design.

24-hour turnaround. The 1st and 2nd prototype designs are included in the fee.

- Prototype or final full arch AllOnX design = \$300

3rd design fee = \$150 per arch,

Prices for dentures and partial designs

24-hour turnaround. The 1st and 2nd prototype designs are included in the fee.

- Single immediate denture design = \$100
- Single prototype to final design denture = \$100
 - Single partial design = \$80

3rd design fee per arch \$50

Prices for FMR Crown and Bridge, Veneer designs

24-hour turnaround. The 1st design is included in the fee.

- Single arch FMR Crown and Bridge pre-design mock up only + 3D model design included for putty matrix
12 teeth = \$300
- Single arch FMR Crown and Bridge temps design 12 teeth = \$300
Additional prep tooth = \$25
- Single arch FMR Crown and Bridge final design 12 teeth = \$300
Additional prep tooth = \$25

2nd design fee = \$25 per tooth design.

Prices for single crown preps

Turn around 24 hours.

- Single crown prep, anterior or posterior design: \$25

2nd remake fee for = \$25

Prices for full arch AllOnX prototype design.

Titanium Bar with Zirconia or PMMA bridge.

24-hour turnaround. The 1st and 2nd prototype designs are included in the fee.

- Prototype to final single arch PMMA or Zirconia bridge
+ bar design = \$450

3rd design fee = \$150 per arch for a temporary surgical design.

Prices for custom abutment and crown

Turn around 24 hours.

- Custom abutment and crown design: \$50
- Single implant crown design: \$25
- Single custom abutment design: \$25

2nd remake fee = \$25

Prices for Overdenture designs

24-hour turnaround. All design fees include 2nd remake design
after 1st prototype.

- Upper prototype to final design:
\$300
- Lower prototype to final design:
\$300

3rd design fee per arch \$150

Prices for Occlusal guard design

24-hour turnaround. All design fees include 2nd remake design
after 1st prototype.

\$25

2nd remake fee = \$25

3D printing, PMMA, final product manufacturing.

Single full arch allonx 3D printed for day of surgery or prototype = \$499 + shipping.
Single full arch allonx milled PMMA for day of surgery or prototype = \$699 + shipping.

AllOnX from start to finish.

This package does not include the 3D-printed or milled arch for the day-of-surgery temp and prototype.

- Single full arch monolithic zirconia direct to MUA = \$2399
- Single full arch zirconia with Ti bar = \$2899

AllOnX, from the final records appointment.

This package does not include the 3D-printed or milled arch prototype.

- Single full arch monolithic zirconia direct to MUA = \$2399
- Single full arch zirconia with Ti bar = \$2899

Notes:

- If the arch is manufactured with titanium bases, an additional \$35 per titanium base will be added to the fee.
- The Dentist will order the screws to have them in stock in the office when the arch zirconia is manufactured directly to MUA.

Single zirconia crown.

\$125 final full monolithic zirconia crown.

\$150 final porcelain zirconia crown.

scanning office visit.

Fee \$600 (Half Day) for local offices around Hollywood, FL with a max of 2 hrs. driving.

In-office Full arch AllOnX Implementation/training services.

This implementation service introduces my proprietary digital workflow developed with unique technology, components, and techniques, or integrates selected parts of it into your existing workflow to enhance precision, efficiency, and overall results.

- **1 day training.** 1 surgery patient + 1 final impression patient. 3k + expenses.
- **2 days of training.** 1 surgery per day + 1 final impression per day. 5k + expenses. ~~\$1000 discounted~~
- **2 days of training.** 1 surgery per day + 1 final impression per day + **exocad A to Z AllOnX design training.** 7.5k + expenses. ~~\$1500 discounted~~
- **5 days of training.** 1 surgery per day + 1 final impression per day. 12k + expenses. ~~\$3000 discounted~~
- **5 days of training.** 1 surgery per day + 1 final impression per day + **exocad A to Z AllOnX design training.** 17k + expenses. ~~\$7500 discounted~~
- **1 month of training.** 1 surgery per day + 2 final impressions per day. 38k + expenses. ~~\$22000 discounted~~
- **1 month of training.** 1 surgery per day + 2 final impressions per day + **face scanner/software** \$50999 + expenses. ~~\$22000 discounted~~
- **1 month of training.** 1 surgery per day + 2 final impressions per day + **face scanner/software + exocad A to Z AllOnX design training.** \$65999 + expenses. ~~\$57000 Discounted~~

exocad training services.

One-on-one on-site exocad training:
Basic, intermediate, or advanced.

- 1 day for \$2500 + expenses.
- 2 days for \$4000 + expenses.

Online exocad training:
Basic, intermediate, or advanced.

- 1 Hour for \$150

Cutting-edge Technology. Stand- alone.

Face scanner + automated software + free software updates. Now \$12,999 ~~Before \$15,999~~
Financial option is available.

Are you looking for a new intraoral scanner, 3D printer, or CT scanner? Reach out and let me help you find the best deal.

Components. (coming soon)

Thick Ti FP3 healing abutment for surgery \$50 ea.

Thin Ti FP1 healing abutment for surgery \$50 ea.

Chapin titanium scan body \$60 ea.

DDT screw \$9 ea.

DDT fiducial marker \$32ea.

Screw for DDT fiducial maker \$25ea

Leaf gauge \$25 ea.

Support.

Hourly call support through cases
